

Oh Girl

Limahl

I would like to talk with you oh girl
Only for a minute or two oh girl
When we are walking home
Just the two of us alone
I realize just how much we have grown

I'm in love or so it seems
Maybe I'll awake from a dream
But lucky are the few
Whose dreams can still come true
And a guy like me can share his life with you

Girl you know what's best for me
Your body told me and I agree
Girl you know how to treat me right
Your lips have told me so at night
Oh girl

I could talk with you all day
you and I have so much to say
about our future plans
And how to understand
The love and attention children can demand

Girl you know what's best for me
Your body told me and I agree
Girl you know how to treat me right
Your lips have told me so at night
Oh girl

Girl you know what's best for me
Your body told me and I agree
Girl you know how to treat me right
Your lips have told me so at night
Oh girl
