

## Shock

Limahl

Only the slightest touch of you  
Will send the passion rushing through  
Lady laying beside of me  
Answer all of my fantasies

Your lips are moving close to mine  
So I may taste the sweetest wine  
A spell has taken control of me  
And making love is the only need

The lady whispers hold on tight  
For the performance of your live  
Guide me into your energy  
To spend the moment in ecstasy
