

## Julia

Limbeck

Somedays I'm on the 8  
But sometimes I'm on the 22, in rush hour traffic  
I never thought I'd fall apart  
I hate sitting on the 22  
I got a shrink that lives near second street

Julia is so smart  
I'm annually reminded  
Yeah, Julia is so smart  
She used to be a goth kid

Last week was like a day  
Time turned fragile when I turned 22  
This whole season's been a working weekend  
That's it so far  
I heard JCR's moving up north  
A few years ago she came from grass valley

Julia is so smart  
I'm annually reminded  
Yeah, Julia is so smart  
She used to be a goth kid

When everyone met, everything was different  
We all got rides cause no one had their license  
We all got rides, now she's the only one on time

When everyone is young, everything is different  
We were on time and showed up on a bike  
We all got rides

Julia is so smart  
I'm annually reminded  
Yeah Julia is so smart  
She used to be a goth kid

She used to be a goth kid

Yeah, Julia  
Yeah, Yeah Julia  
Yeah, Julia you're so smart
