

A Demonoid Virtue

Limbonic Art

Higher, Higher burning fire
Unite with me in dark desire
Inflaming greed awakens to breed in me
The night has predatorial eyes
Drifting in a pale disguise
Beneath the spelling moon
The spirit rises out of darkness
The spirit rises...
Voices call for my soul
The cunning serpents kiss I taste
Baptised beside the ancient lakes of
FIRE, FIRE burning higher
Unite with me in dark desire
I perish in a bliss of cruelty
Tormented souls will never ... rest in peace
In the flames an omen blaze
Enforcing through the cosmic haze
To cross the line and dare to glance
And enter the cold void where death romances
In mysteries
In the flames an omen blaze
Enforcing through the cosmic haze
To cross the line and dare to glance
And enter the cold void where death romances
In mysteries
O' raging fire enlighten me with sin
