

Full Nelson

Limp Bizkit

Why is everybody always picking on me?
Does anybody really know a thing about me?
One of these days we'll be in the same place
In the same place punk, at the very same time
And when it takes place
And you wanna talk shit
Then step your ass up, and say it right to my face

You'll get knocked the fuck out
Cause your mouth's writing checks that your ass can't cash
Knocked straight the fuck out
Cause your mouth's writing checks that your ass can't cash

I ain't believing all the shit you been talking 'bout me
Don't even know me, and still you're talking shit about me
One of these days I'm gonna catch you in the act
In the act, red handed
Caught up in the act, punk
And that'll be the day, the one and only day
Then step your ass up, and say it right to my face

You'll get knocked the fuck out
Cause your mouth's writing checks that your ass can't cash
Knocked straight the fuck out
Cause your mouth's writing checks that your ass can't cash

Shhhh

So where you at?
Where you been?
I'm sure I'll be seein' you again
Cause this world
Is really small
Can't we all get along?
(Can't we all get along?)
And where you at?
Where you been?
I'm sure I'll be seein' you again
Cause this world
Is really small
Can't we all get along?
(Can't we all get along?)

How pathetic are people
Who verbally rape us with talking
We try to ignore them
Ignore them until they keep talking
They think that they're building an empire
Without us
We've got the torch now
We've got the fire to burn this motherfucker down
Down, down
Burn this motherfucker down
Down, down
Burn this motherfucker down
Down, down
Burn this motherfucker down

Down, down
Burn this motherfucker

You'll get knocked the fuck out
Cause your mouth wrote a check that your ass can't cash
Knocked straight the fuck out
Cause your mouth wrote a check that your ass can't cash
That your ass can't cash!

Motherfucker!
Just shut your fuckin' mouth!
Bring it on Lethal
Come on
