

# Lost And Found

Limp

I'm on my way now  
I did it by myself  
I looked down every hall and avenue and I did it without help  
I'm in a place now where I can be myself  
I'm gonna do what I want and say what I think and never be let  
down

Held back and pushing through  
looking for a better view  
this is what I'm gonna do  
when I get through

I understand how I made it through this far  
I took the backseat to and let them through and I waited for the  
start  
I'm gonna find out how I can be a part  
of everything I'm not but wished I was  
I'm gonna fill this empty heart

Held back and pushing through  
looking for a better view  
this is what I'm gonna do  
when I get through

And I wonder when it's gonna turn around

Standing on this cloud the air is clear up here  
I'm never going back from where I came I found what I want it's  
right here

Held back and pushing through  
looking for a better view  
this is what I'm gonna do  
when I get through

And I wonder when it's gonna turn around

I'm waiting, I'm craving, I'm saving  
and now it's time I'm gonna stand up gonna shine

And I wonder when it's gonna turn around
