

# Oh No

Limp

Public day  
Not a breeze  
Not a problem  
They could have seen  
Green light leaving ground  
One more time  
To the line  
Three inside  
For what who really cares  
Our screams won't make a sound

Oh no  
Uh oh  
Send somebody for us  
Oh no  
Uh oh no  
Oh no  
Uh oh  
Send somebody for us  
Oh no  
Its too late

Red light on  
Blinking wrong  
Signal gone  
Cut off from everything  
Eyes wide vertical  
Black out mass  
Welcomes us  
Not a thing it seems could help us now  
All mass broken down

Oh no  
Uh oh  
Send somebody for us  
Oh no  
Uh oh no  
Oh no  
Uh oh  
Send somebody for us  
Oh no  
Its too late

Why can't they show us the way  
Show us  
Show us now

We're drifting  
We're listing  
All systems going nowhere  
Until the  
To where the  
So this is how it will end  
Oh mother  
Oh father  
We're closer now than we've ever been  
Why can't we see the light

Oh no  
Uh oh  
Send somebody for us  
Oh no  
Uh oh no  
Oh no  
Uh oh  
Send somebody for us  
Oh no  
Its too late

Why can't they show us the way  
Show us  
Show us now
