

Heartbeat

Lincoln Brewster

One heartbeat, one mind
One focus divine
One hope and one faith
One love that remains

You bring order where there's chaos
Nothing separates us
Your love
Your love is stirring in our souls

Unite our hearts
To beat for You alone
Fortify our hope
In the faithfulness You've shown
We give our all
To be Your hands and feet
Make our heartbeat Your heartbeat

One God and one grace
One passion unchained
One purpose, one life
One mission unified

You bring order where there's chaos
Nothing separates us
Your love
Your love is stirring in our souls

Unite our hearts
To beat for You alone
Fortify our hope
In the faithfulness You've shown
We give our all
To be Your hands and feet
Make our heartbeat Your heartbeat

Let us love like You love
With a heart that's broken
Let us give like You gave
With our arms wide open
Let us never forget
All the lost and lonely souls

Unite our hearts
To beat for You alone
Fortify our hope
In the faithfulness You've shown
We give our all
To be Your hands and feet
Make our heartbeat Your heartbeat
