

I Cry For You

Lincoln Brewster

Day after day my heart beats for You
Wanting You near beside me always

Lord I won't fear as long as You're here
In my life I need You always

I cry for You to heal me forgive me
I cry for You to save me to know me more

Day after day my eyes long to see You
Show me Your face and hold me close in Your arms

I cry for You to heal me forgive me
I cry for You to love me to know me more

I cry for You to heal me forgive me
I cry for You to save me to know me more

I cry for You to heal me to save me
And I cry for You to love me forgive me

I cry for You to hear me to save me
I love You be near me
