

Shout It Out

Lincoln Brewster

You make all things new
We are living proof
You take broken lives
And You make them fly
We belong, now we belong

This is freedom
We have a reason
To be shouting
Everybody shout it!
We're walkin' in the light
Our hearts have come alive
We are living now
To shout it out!
To shout it out!

You make darkness shine
And bring us back to life
What was lost is found
Saved beyond a doubt
We belong, now we belong

This is freedom
We have a reason
To be shouting
Everybody shout it!
We're walkin' in the light
Our hearts have come alive
We are living now
To shout it out!

We are free, we are free
To shout it
We are free, free indeed
Everybody sing

Shout it out!
Everybody sing

This is freedom
We have a reason
To be shouting
Everybody shout it!
We're walkin' in the light
Our hearts have come alive
We are living now
To shout it out!
To shout it out!
