

## Spin

Lincoln Brewster

Well I've been moving in a new direction  
Don't you know that something's gonna change  
I've been infected by Gods injection  
Now I don't say the things I used to say 'A'cause

Now I'm changed, I'm not the same  
And now I'm moving in God's direction  
And I feel good about that

It makes me want to;  
Jump up, spin around, get up, get down,  
Don't you know I do it night and day  
Jump up, spin around, get up, get down, Oh yeah

Well I've been looking from a new perspective  
My eyes are open now, what can I say  
And now I'm walkin with a new objective  
Ever since the day that Jesus saved - me

Now I'm changed, I'm not the same  
And now I'm moving in God's direction  
And I feel good about that

It makes me want to;  
Jump up, spin around, get up, get down,  
Don't you know I do it night and day  
Jump up, spin around, get up, get down, Oh yeah

The Spirit's movin me to be effective  
And not to lay around and just waste away  
And Lord I'm glad that You where resurrected  
And not still laying down there in that grave, no

Now I'm changed, I'm not the same  
And now I'm moving in Your direction  
And I feel good about that

It makes me want to;  
Jump up, spin around, get up, get down,  
Don't you know I do it night and day  
Jump up, spin around, get up, get down, Oh yeah

Hell never change. He stays the same  
So get a movin in God's direction  
You'll feel good about that!
