

# Do I Do It To You Too

Linda Davis

Baby, baby, what you do to me  
Got me feeling like a leaf from a tree  
Wish I knew, do I do it to you too?

You make me tremble every time we touch  
Don't believe that I could give you up  
Wish I knew, do I do it to you too?

Do I make you weak?  
Do I make you see  
No one else but me?  
Do I do it to you too?

Baby, baby, I tell you what  
I hope I got you like I been got  
Wish I knew, do I do it to you too?

Got me wound up like a spinning top  
Got me hoping it'll never stop  
Wish I knew, do I do it to you too?

Do I make you weak?  
Do I make you see  
No one else but me?  
Could be the only one you need

Baby, baby, I tell you what  
I hope I got you like I been got  
Wish I knew, do I do it to you too?
