

# The Mad Hatter

Linda Eder

If ya need somethin' done  
Lay and Wait, hit and run  
Well, there's just one name you should know

I'm not sugar and spice  
I'm more naughty than nice  
And when it comes to bad, I'm a pro

So just drop a dime on me  
I will guarantee  
It's a fate to complete  
Check out the hat  
Cause, baby, I'm where it's at

You need someone to find  
Something nasty, in mind?  
Just put the Hatter hot on the trail  
I can get the job done like Attila the Hun  
And, buddy, that ain't no fairytale

Let them run away  
I will make them pay  
Quicker than the Lady can say  
"Off with their heads"  
Well, isn't that what she said?

I'm the Mad Hatter  
Wacky as a hatter should be  
The Mad Hatter  
Ain't no body crazy as me  
Might as well give up now  
Ain't no way, no how  
No one makes their get-away clean  
Know what I mean?  
Hatter works for the Queen

What is true, what is not  
Can both change in a shot  
And, buddy, me? I couldn't care less  
Uh-uh

Cause in two seconds flat  
Livin' under my hat  
Is the strategy for success  
I can stop a coo  
With a thing or two  
That you thought nobody could do  
You outta know  
This ain't my first rodeo  
Yee-Hah!

I'm the Mad Hatter  
Dapper as a hatter should be  
The Mad Hatter  
Ain't nobody snapper, see?  
So just surrender, dear  
Or the end is near

Let's grease up that old guillotine  
You think I'm mean?  
Well, get a load of the Queen!

There is nothing I won't do  
There is nothing to taboo

I will lie  
I will cheat  
Track you down, then hit "delete"  
Tout suite!  
So, sweetie, let me repeat

I'm the Mad Hatter  
Clever as a hatter should be  
The Mad Hatter  
Never pull the wool over me  
I've got a welcome plan  
Here in Wonderland  
It's an audience with an ax  
Take it from me, I'm only sayin' the facts  
So sit back and relax  
The Mad Hatter attacks  
The Mad Hatter attacks
