

Bet No One Ever Hurt This Bad

Linda Ronstadt

Sit by my window watch the rain
I hear it beatin' on my window pane
All the troubles I had
Bet no one ever hurt this bad

My baby left me all alone
Wait for a letter sit by the phone
It makes me so sad
Cause no one ever hurt this bad

Since you went away
I can't face the day
Night brings nothing but pain
I thought I could go on
I see that I was wrong
Baby please come home
I just can't to be alone

Somebody somewhere hear my plea
Send my baby home to me
It would make me so glad
Cause no one ever hurt this bad

Since you went away
I can't face the day
Night brings nothing but pain
I thought I could go on
I see that I was wrong
Baby please come home
Well I can't stand to be alone

Somebody somewhere hear my plea
Send my baby home to me
It would make me so glad
Cause no one ever hurt this bad

Sit by my window watch the rain
I hear it beatin' on my window pane
Sit by my window watch the rain
I hear it beatin' on my window pane
