

## Heartbeats Accelerating

Linda Ronstadt

Love, love, where can you be?  
Are you out there looking for me?  
Love, love, where can you be?  
Love, I am waiting  
Heartbeats accelerating

Will you come when all is still  
From the river or the hill  
Love, love, where can you be  
Love, I am waiting  
Heartbeats accelerating

Will you come on a Saturday night  
Maybe then the time will be right  
Love, love, where can you be  
Love, I am waiting  
Heartbeats accelerating

When you steal into my room  
What earthly body will you assume  
Love, love, where can you be  
Love, I am waiting  
Heartbeats accelerating

Will you come on a Saturday night  
Maybe then the time will be right  
Love, love, where can you be  
Love, I am waiting  
Heartbeats accelerating

Love, love, where can you be?  
Are you out there looking for me  
Love, love, where can you be  
Are you out there looking for me  
Love, I am waiting  
Heartbeats accelerating  
Love, I am waiting  
Heartbeats accelerating
