

## Sometimes You Just Can't Win

Linda Ronstadt

Just when the sun shines the brightest  
And the world looks alright again  
Then the clouds fill the skies  
You can't believe your eyes  
Sometimes you just can't win

Well my love never meant much to you dear  
For to you I was always a friend  
Oh why did I fall  
You have no heart at all  
Sometimes you just can't win

No I can't live like this any longer  
Not knowing just where I stand  
Oh darling you don't care  
And sweetheart it don't seem fair  
Sometimes you just can't win  
Oh sometimes you just can't win
