## **Tell Him**

## Linda Ronstadt

I know something about love You gotta want it bad If that guy's got into your blood Go out and get him If you want him to be The very part of you Makes you want to breathe Here's the thing to do

Tell him that you're never gonna leave him Tell him that you're always gonna love him Tell him tell him tell him right now

I know something about love You gotta show him And make him see the moon up above Go out and get him If you want him to be Always by your side If you want him to Only think of you

Tell him that you're never gonna leave him Tell him that you're always gonna love him Tell him tell him tell him right now

Ever since the world began It's been that way for men And women were created To make love their destiny They why should true love be So complicated oh

I know something about love You've gotta take him And show him what the world is made of One kiss could prove it

If you want him to be Always by your side Take his hand tonight Swallow your foolish pride

Tell him that you're never gonna leave him Tell him that you're always gonna love him Tell him tell him tell him right now
