

# Road To Kingdom Come

Lindisfarne

I have no one to call my friend  
The road I travel has no end  
And so I turn my face up to the sun  
And walk on down the road to kingdom come

And as I walk this lonely road  
Nobody helps me bear my load  
Can somebody tell me what it is I've done  
Condemned to walk the road to kingdom come

And if you pass me on the side  
Why don't you stop and let me ride  
You just had a better deal my son  
Walking down the road to kingdom come

And if you pass this way someday  
And you should find I've gone my way  
There'll always be some poor boy on the bum  
Walking down the road to kingdom come

Walking down the road to kingdom come
