

## My Innocence

Lindsay Lohan

I was born a fighter  
I was born on a rainy day  
Ive had my share of pain  
But youve missed most of that  
So many other things you had to do  
You looked after you  
Do you remember what u did  
Did you know what youve just missed  
Do you care about that word i have to say?

You took my innocence away and never had a chance to  
You broke me in with your mistakes and thanks for the break through  
But you wont bring me down  
I always am around  
You took my innocence away but the best of me stayed

It could be your blood running through all my veins  
That ties me to your fame  
If i could just close my eyes  
Id blackout all the reasons why  
Were still in this place  
What u want is what u got  
You should have dragged to make it stop  
I guess you couldnt find a way to let me earn

You took my innocence away and never had a chance to  
You broke me in with your mistakes and thanks for the break through  
But you wont bring me down  
I always come around  
You took my innocence away but the best of me stayed

Loneliness have filled my soul  
And it keeps inside it takes control  
And i dont know how to begin giving up on everything

You took my innocence away and never had a chance to  
You broke me in with your mistakes and thanks for the break through  
But you wont bring me down  
I always am around  
You took my innocence away but the best of me stayed
