

# Nobody 'Til You

Lindsay Lohan

I never walked on water never saw  
A reason to be going out that far  
I never found a star that made a wish  
But now the sky is listening to my hart

It can brake me, make me  
If they want they can chase me  
Love me, Hate me I dont care anymore

R:  
Till you, It was nothing but lonely nights  
It was nothing but sad goodbye's  
For me to fall through  
Come true like change an awakening  
Somebody is making me  
The only one in the room  
But nobody can do, Nobody till you...

And the more you talk the less I fear  
No matter what you say we are still in the same hemosphere  
And its comforting just knowing that  
Where ever I go a part of me is staying here with you

So take me shake me  
If you want you can chase me  
Love me for me and stay away from the door

R:

Why can a world where if he  
If you ever went away  
Oh and I cant go back to where  
I recon it will never be the same

R: (2x)
