

Bang The Drum

Lindsey Buckingham

Afraid to move afraid to lose
A piece of faith a piece of heart
Surprised to find someone willing to lose
Just to keep herself from falling apart

Bang the drum
Bang it louder

She said, "One thing, baby, I think you should know,
This world treats me oh so rough
Got this deep down sorrow that won't let go
And I just don't think I'm tough enough"

Bang the drum
Bang it louder
