

Down On Rodeo

Lindsey Buckingham

After the music ended
There was nowhere to go but down
Faces of glass all hung in the past
They only come here to drown

They were long gone, long gone
Nowhere else to go
Long gone, far gone
Down on Rodeo

We never took quite enough chances
We never had quite enough time
I did about a thousand dances
But nothing would change your mind

You were long gone, long gone
Putting on your show
Long gone, far gone
Down on Rodeo

I'm going where no one's gone before, ain't never coming back
I'm going where no one's gone before, ain't never coming back

That's just the way it goes sometimes
The price is a little too much
Two little children on reveille hill
We looked but we couldn't touch

We were long gone, long gone
Looking in the window
Long gone, far gone
Down on Rodeo
