

This is not a phase, this won't be outgrown  
We've got things to say, I am not alone  
You call me a freak, you say that I am weird  
I am not the one who's life is filled with fear  
I will face the world and I will take your shit  
But all you do is hide and I'm fucking sick of it  
I think I've had enough of everything you do  
Think I've had enough, I've had enough of you  
Who the fuck are you to tell me who I am?  
You don't believe in anything, at least I take a stand.  
You think I should grow up but I think I already have,  
I'll succeed on my own terms, I'll take what I can grab.  
I don't think it's fair to judge me without a cause, if life is  
won by how you  
Play then you've already lost.  
You know it doesn't matter if you think I'm wrong or right  
So quit your god damn bitching and get a fucking life.
