Up To The Top

Climb up to the top
Get knocked down to the ground
When will all the bullshit stop
What goes around comes around
My success is measured by comparison to you
Your times come and gone
You are fucking through
Too proud to admit that you don't know it all
Pride doesn't mean shit when you back's against the wall
Not gonna give up no matter what you say
I know that life is tough
I'm reminded of it everyday
I pick myself up and then I start again
It's endless cycle and it's never gonna end
When you say that I'm a failure
I know that you are wrong
Whatever doesn't kill me will only make me strong
I will make an effort until the day I die
I will stand on my two feet and I will always try
