

# All for Nothing

Linkin Park

Yeah

Uh

So whatcha waiting for?

Anticipating more

Why you debate what it can take to instigate a war?

Yeah I've been hating on the time I wasn't hated for

There's nothing they can fucking say they didn't say before

But you could never see it, your battle's not mine

Wanna skate and play it safe but this is take a shot time

You're waiting for a purpose, I already got mine

While you tell me step to it like 1, 2, 3, 4!

And if I do what you demand.

You say

You'll let me understand.

You say

You're gonna hold me to your word

And if I sell myself away.

You say

I'll have no debt to pay.

You say

I'm gonna get what I deserve

Woah

Your word

Obedied

My debt

Repaid

Our trust

Betrayed

All for nothing

All for nothing

Came back, there's no other way to say it

So let me break this fucker down for ya

I really don't know ya

You're talk, but let me show you where to put your paranoia

Your're joking I don't have a half a sucker bone to throw yah

I'm disgusted wonder what's gonna make you tuck your tail below ya

And no I'm not your soldier, I'm not taking any orders

I'm a five star general infantry controller, need a lesson, let me show you.

Have you checking your composure while I make you step to it like 1, 2, 3, 4

!

And if I do what you demand.

You say

You'll let me understand.

You say

You're gonna hold me to your word

And if I sell myself away.

You say

I'll have no debt to pay.

You say

I'm gonna get what I deserve

Woah

And if I do what you demand.

You'll let me understand.

Your word

Obeeyed

My debt

Repaid

Our trust

Betrayed

All for nothing

All for nothing

All for nothing

All for...

Oh oh oh oh
