P5hng Me A*wy

Linkin Park

When I look into your eyes there's nothing there to see Nothing but my own mistakes staring back at me

Everything has to end

You'll soon find that we're out of time left to watch it all unwind Everything falls apart

Even the people who never froun eventually break down

Everything has to end

You'll soon find that we're out of time left to watch in all unwind Everything falls apart

Even the people who never frown eventually break down

I've lied to you

This is the last smile that I'll fake for the sake of being with you Everything falls apart even

Even the people who never frown eventually break down

Everything has to end

You'll soon find we're out of time left to watch it all unwind

The sake of being with you

Everything falls apart

Even the people who never frown eventually break down

The sacrifice is never knowing

Why I stay
When you just push away
No matter what you see
You're still so blind to me

Even the people who never frown eventually break down

I've tried, like you, to do everything you wanted to

This is the last time

That I'll take the blame for the sake of being with you Everything falls apart

Even the people who never frown eventually break down

The sacrifice of hiding in a lie

Everything has to end

You'll soon find we're out of time left to watch it all unwind The sacrifice is never knowing

Why I stay

When you just push away

No matter what you see

You're still so blind to me

Reverse psychology is failing miserably

It's so hard to be left all alone

Telling you is the only chance for me

There is nothing left but to turn and face you

When I look into your eyes there's nothing there to see

Nothing but my own mistakes staring back at me

Asking why

The sacrifice of hiding in a lie

The sacrifice is never knowing

Why I stay

When you just push away

No matter what you see You're still so blind to me

Why I stay
When you just push away
No matter what you see
You're still so blind to me
