

Hold On

Lion Babe

What is it about you?
You see right through me
And I ain't easy to get cause
I switch too quick for them to judge
I just get you, you just get me
If you could read my mind
Then show me what you find

Tonight we can get real close
Dance, heat up with the lights down low
With you I'm letting go
Show me what you got that I didn't know
How you make me feel so beautiful?
How you make me feel so beautiful?

I go with what I feel
Do you wanna
Hold on, hold on
I got nothing to fear
If you wanna
Hold on I'm right here

You don't even know me
This is gettin' heavy
My heart beats faster to the keep up
With all the things I wanna touch
It ain't easy, to forget me
So lemme save your time
You're lookin' at your side

Tonight we can get real close
Dance, heat up with the lights down low
With you I'm letting go
Show me what you got that I didn't know
How you make me feel so beautiful?
How you make me feel so beautiful?

I go with what I feel
Do you wanna
Hold on, hold on
I got nothing to fear
If you wanna
Hold on I'm right here

Right here, me, and you
The way that it goes
You might feel the same too
Don't bother if you don't
And if you won't

I go with what I feel
Do you wanna
Hold on, hold on
I got nothing to fear
If you wanna
Hold on I'm right here
