

# Trafficking

Lion's Share

Now as the rope's getting tighter  
Now as the envy is here  
Where are the drugs to determinate the fear?  
Raped by the senses inside you  
Taken by people who hate  
Backyard of life or reflections of your state

High profit collide  
Slave hunting time  
Trail of trafficking

Come to the circus infernal  
Come to a market of hounds  
Just place a bid, human cattle all around  
Needles; injecting your body  
Needles to stick through your flesh  
Buyers of death; will you pass their final test?

High profit collide  
Slave hunting time  
Trail of trafficking
