Can't Get Over You

Lionel Richie

I guess I need to say I'm sorry
I didn't mean to make a fool of myself over you
I only wanted just to love you
But now that were through I can't get over you.

I didn't mean to write a love song
I didn't mean to share these feeling I have in my heart
I told myself I could forget you
Now I know that's not true, I can't get over you.

And as I walk down through the halls
I see your pictures hanging on the walls, those memories
For all the thing that we've been through
My heart can still feel me and you
Sweet memories.

After the pain of losing you
After the heartache, I know it's true
Cause when I saw you, I still can say,
I'm never gonna love anybody else the way I love you today.

I guess I need to say I'm sorry
I didn't mean to make a fool of myself over you
I only want just to love you
But now that were through I can't get over you.

I can't get over you
I can't get.... over you
Noooo,
No, nooo

Know my heart is breaking baby
Can't get you out of my mind
Tried so hard to love you
Ooooh baby
Now you gone, now you gone, you gone away
Got my heart in my hand
You and me baby
We got a thing going on
Ooooh baby
