

# All Dead Wrong

Liquido

It`s over,i`m out of sight and i`m feelin`so invincible  
i just can`t turn back time,you`re all dead wrong  
pitchblack time,so hard to take  
all i wanted was to tell you how i felt  
let`s turn back time and never forget  
all dead wrong  
refrain:closed up/for life/don`t let anyone else in

rectify your reckoning  
let`s stop this bomb exploting  
turn left/turn right/(but)don`t let anyone else in  
rectify your reckoning  
let`s stop this boat from sinking

it`s cold outside,i`m creeping home  
it`lasts forever,ohh i swear,but i can`t swim ,i`m drowning in  
time  
it`s over right,over right now,it`s simple  
refrain:closed up....

.....let`s stop this bad moon risin  
g  
no one stops a sinking ship  
please save me now,save me now i`m falling down,save me now  
save me from the system,save me now,save me from the system  
refrain:closed up.....
