

Doubledecker

Liquido

Left abandoned and abused
maybe i'm so confused
take my chance and do my best
better then the whole rest
never change it's just too late
we can't be friends well think again now
I will realize my plan doing what I can

Never gonna chance never gonna chance
fix me right and then
we'll see what's coming on now
take a little bit of this and that
take a little bit of supersonic banners... make me so sad
supermega tony vega like a beggar like on an easy chair
I like it when you're so aware
supersonic games supersonic games
who's to blame who's to b...b...b...b... blame:

Big boy doubledecker makin' my heart go quicker
it's a bad game-dreadful like migraine

To the ladies...
I feel i'm sleepin' through the cracks
two times ryhmin' on this track
laughin' 'bout the thing we did
another day so uninspired

Never gonna chance never gonna chance
fix me right and then
we'll see what's coming on now
take a little bit of this and that
take a little bit of supersonic banners... make me so sad
supermega tony vega like a beggar like on an easy chair
I like it when you're so aware
supersonic games supersonic games
who's to blame who's to b...b...b...b... blame:

Big boy doubledecker makin' my heart go quicker
it's a bad game-dreadful like migraine
