

# Drop Your Pants

Liquido

The air is full of perfume tang  
this time I don't do the strayer  
all wrapped up in gucci gucci  
trying to look fresh and juicy  
they say my ways are like another one man show  
play my game you know it's like got to go  
everybody says nobody wants to know  
the price is high the moral's sinking low

burn it up now  
burn it up now  
chilling in my gto  
burn it up now  
burn it down now

drop your pants  
if you don't want romance  
I want to see you prance

drop your pants  
if you don't want to dance  
as we just met by chance

drop your pants  
if you don't want romance  
I want to see you prance

drop your pants  
if you don't want to dance  
as we just met

famous faces I don't know  
a crown is no cure for a headache  
higher prices can be charged  
pretty penny come to daddy

people love the after hours  
sparkling drinks to take some showers  
the girls adore my black toxido  
the music's fresh but not liquido

turn it up now

chilling in my gto  
turn it up now
