

## Ordinary Life

Liquido

What has come of you  
fadin' into gloom  
blackening everything that we achieved  
thought I felt a kill  
an underrated skill  
catching but heavily quite a disease  
givin' some crap  
it is to show you where my head is at  
it's but a shame  
this is some  
ordinary life

Now I know the score  
the storyline you store  
has but an end that you will not release  
requiring a plan  
some pattern for the clan  
and nothing is quite what it seems  
didn't I swear  
it's such a beautiful dress that you wear  
it's but a game  
this is some  
ordinary life
