

# Daybreak

Lisa Ekdahl

Daybreak  
And the moon's still floating high  
What a wonderful surprise  
I close my eyes  
And dream of you

I'm dreaming at daybreak  
And the world's so far behind  
That's why i always find at daybreak  
I'm still dreaming of you

You're from above  
My one and only love  
There's no other

At daybreak  
All i want is you forever  
That's why it's true whenever daybreaks  
I'm still dreaming of you
