

## Candy

Lisa Germano

Oh, yeah  
It's my favorite feeling  
Not there what a good place to be  
Too bad it's still raining inside

Alcohol

So cool  
It gets better to be here  
Come to when there's nothing to say  
Too bad I forgot what is thinking

Alcohol

Sunning in the messy surroundings  
Easy it's just somewhere to be  
Oh, yeah there is always another  
One mmmm

You look like your self from the inside  
Turning into something you feel  
Too bad there's this image  
To live with

Alcohol

I'm gone  
Started feeling peculiur  
Oh, yeah it's my favorite thing  
Too bad I got nowhere today
