## **Everyone's Victim**

## Lisa Germano

Undone, every thing's over High strung, minutes are floating Breakdown, my thought are cracking Don't you come a step closer

Hard tongue, silence isn't golden Unsung, unspoken heroes Mouths shut, injury is opened Madness, dangerous problem

Do, do, do, do, do, do

No fun, everyone's closing Mind flown, visions are scattered Anger, shocking in circles Guilty, powerless feeling

I am everyone's victim

I am everyone's victim
