

The Mirror Is Gone

Lisa Germano

If I needed you
Would you love me then
Would you love me then
If I needed you

Would you love me more
If I gave and gave and gave
And gave and gave and gave
And gave and gave

Would you like me then
If I had to lie
And say "I need you
Or I might die"

If you leave again
'Cause nothing matters
But you and you and you
And you and you and you and you

I'm nowhere
Unless you are there too
Well, that's no fair
To put me below you

You like me most
When I fall down
And can't stand up
Unless you're around

Forgive me
But I'm learning learning
And I can't see
Your version of me

The mirror is gone
The mirror is gone
Gone...

When you want me now
I won't be around
I'm taking care of
What you cut down

Alone and lonely as I can be
I'm better off than you
Or you or you or you
Or you with me

I'm sorry
But I'm learning learning
But I can see now
I can live without you

The mirror is gone
