

The Other One

Lisa Germano

When you fool yourself
The other one
When you fool yourself
It's the other one
The other one gets hurt

Time it doesn't help
And the other one
Time it doesn't help
And the other one
The other one walks out

Hold me
Sacred
Touch me
Hold me
That's better

When you pull away
The other one
Really pull away
And the other one
The other one breaks down

The vision is gone
With anyone

When you give it up
The other one
Really give it up
And the other one
The other one will too

Hold me
Sacred
Touch me
Hold me
That's better

Hold me
Stay close
Touch me
Don't leave
That's better

Hold me
Sacred
Touch me
Hold me
That's better
