

...To Dream

Lisa Germano

Only when it's real
When it speaks to you
And no one else can hear

Don't give up your dream
It's really all you have
And i don't wanna see you die

To dream
To love

In your darkest moments
In your deepest thoughts
Then it speaks to you
To dream

Listen
You are dreaming
This is who you are
You don't have to run
Away
