

## ...To Dream

Lisa Germano

Only when it's real  
When it speaks to you  
And no one else can hear

Don't give up your dream  
It's really all you have  
And i don't wanna see you die

To dream  
To love

In your darkest moments  
In your deepest thoughts  
Then it speaks to you  
To dream

Listen  
You are dreaming  
This is who you are  
You don't have to run  
Away
