

## Drops Me Down

Lisa Loeb

I walked away to get wisdom  
But in the end I just walked home  
And it drops me, drops me down  
And I'm not feeling so good again

It was the same song and it's making me sad  
Cause I think that it's happened  
And it hasn't been had  
And it drops me, drops me down  
And I'm not feeling so good again

And I'm injured again  
Yeah it's sick and I'm sucked in  
Yeah I'm at it again  
It's sick and I'm sucked in  
It's sick and I'm sucked in

Cause I had some things so dear  
Slip away and leave me here  
And it drops me, drops me down  
And I'm not feeling so good again  
Yeah, it drops me, drops me down  
And I'm not feeling so good again
