You know I did something right.  
b emi  
Something that keeps me alive.  
Oh you sweet little babies.  
b emi  
When you came you let me know.  
I was finally happy.  
You knew me before now didn't you.  
God you're so lovely.  
Did you come here to help me.

,

And I know you can't sleep well.  
b emi  
Unless I'm right there next to you.  
Oh you take care of mommy too.  
b emi  
You're so quick to defend me aren't you.  
A E b  
God you're so lovely yes you are.  
You came here to save me didn't you.  
You came here to teach me.  
And I'm gonna try to teach you too.  
Know you're everything to me.  
Know you have to learn and try.  
Please don't fear to lose me.  
You know I have those same fears too.
