

When You Go

Lisa Marie Presley

'''

E g#
There's so much to offer so much to throw away
E g#
The ever present darker side is making you color blind.
E g#
But luckily my blinded one I know you and not what you've done
Not what you've done

You beautiful soul
g#
When you go a feeling that chokes
when you go a feeling that soaks
When you go away Into the unknown
g#
When you go you break my heart
E g#
Dont you go cause its chokes it chokes

,

g#
Given all you are inside a shaft of light
g#
that you can't hide
E g#
But an idle mind will dominate and feel all the demons steak
When you walk around a old
g#
street Where you lived and who you were then
You can have it again

Everthings not broke when you goa feeling
that chokes when you go a feeling that soaks
g#
when you go you go away
Into the unknown when you go you break my
g# E g#
heart dont you go cause its chokes it chokes

E g# E g#
aaaah aaaahh uuuuhuuu aaaah
E g# E g#
aaaah aaaahh uuuuhuuu aaaah

E g#
When you go a feeling that chokes
When you go a feeling that soaks.
When you go you go away, into the unknown
g#
When you go you break my heart
g#
Dont you go cause E its chokes it chokes

Its a fever that soaks you go away

Into the unknown Into the unknown

E g#
When you go you break my heart

E g#
Dont you go yeah cause it chokes it chokes
