

# Josephine

Lisa Mitchell

Josephine, I need to hear the symphony  
But today I can't quite hear the beat  
And I need those violins to take me underneath  
Josephine, I see you, arms outstretched  
Like an angel above your head  
You dance the symphony with the softest smile  
Because you're Josephine

Take all that you need from me and I'll still be free  
Yeah I'll still be dancing  
And take all that I have  
Yeah, I'm your man but like a rose when it's pruned  
Oh, I bloom, and I bloom and I bloom  
Jo-Jo, oh Josephine

Josephine, lead me to your symphony  
Dance me down the city streets  
Beneath mundanity, sweet release  
Josephine, I think I've found a lead  
Does it sound like a foreign wind  
That doesn't care if I'm out of if I'm in?

Josephine

Take all that you need from me and I'll still be free  
Yeah I'll still be dancing  
And take all that I have  
Yeah, I'm your man but like a rose when it's pruned  
Oh, I bloom, and I bloom and I bloom  
Jo-Jo, Josephine  
Jo-Jo, Josephine  
Jo-Jo, Josephine
