

# Walk With Me

Lisa Mitchell

The days go in and out,  
On and on and further out  
Quietness I always find,  
In my heart, in my mind  
Give me a sunny day,  
Give me a field of hay  
Under the calm trees,  
Walk with me, walk with me  
Walk with me  
Walk with me

Oh I've seen your face before  
Know those lines, have done those chores  
Other forms of [?] restless souls  
Walk with me, walk with me  
Under the milky way,  
There's dozens of this left to play  
Neighbor neighbor, matchstick maker  
Walk with me, walk with me  
Walk with me  
Walk with me

I wanna stay up late, I wanna feel your pain  
I can't wait  
I wanna hold your hand, I wanna understand  
This broken land

Nobody deserves this, nobody deserves this  
Nobody deserves this, nobody deserves this

When you were in the cage,  
Tired and damp and locked away  
What did you cling to  
Talk to me, talk to me  
What did it look like, what did it feel like  
Was it a golden thread,  
A glowing light, an angel's head

I wanna stay up late, I wanna feel your pain  
I can't wait  
I wanna hold your hand, I wanna understand  
This broken land

Nobody deserves this, nobody deserves this  
Nobody deserves this, nobody deserves this

Well the days go in and out,  
On and on and further out  
Quietness I always find,  
In my heart, in my mind
