

# Affection

Lisa Stansfield

Feel the sun on your face and the wind in your hair  
And a big, big love in your heart, so strong  
Feel a hand in your hand and a whisper sweet and low  
That says, "I love you", we all know what we want

Affection, it's a way of life  
Direction, all of us know which way we're going  
With our affection  
Affection, may be big or small but we know that  
We can have it all with our affection  
We know which way to go

Take a walk in the sun with the one you love  
And a big, big love in your heart, so strong  
And rest a little while, keep on smilin', smilin'  
And we all know what we want

Affection, it's a way of life  
Direction, all of us know which way we're going  
With our affection  
Affection, may be big or small but we know that  
We can have it all with our affection  
'Cuz we know which way to go

Well, you could lay down and die for the one you're lovin'  
There's a sweet, sweet love in your heart, so strong  
When you're dancin' on the air, like you don't care  
It's honey on your lips and it's sweeter to your fingertips  
You know what we want

Affection, it's a way of life  
Direction, and all of us know which way we're going  
With our affection  
Affection, may be big or small but we know that  
We can have it all with our affection  
We know which way to go

Affection, direction  
With our affection  
Yes, I now want more affection  
We know which way to go  
Affection
