

## Didn't I

Lisa Stansfield

I didn't realise that you were someone else  
Until it was too late  
So fooled by your disguise, carried away  
I thought you were my friend

But things change and you along with them  
Gone are the days when we laughed through the night  
And it will never be the same

I said it wouldn't last forever didn't I, didn't I  
Don't want to say I told you so but didn't I  
I gave you all my heart and soul and didn't I cry  
But somewhere deep in your heart, deep down inside  
I got to you  
Oh baby didn't I

We made no promises, we lived for every moment  
Together come what may  
What need was there to lie, for heaven's sake  
I love you anyway

But things change and time heals the wounded  
Where there was pain there's a scar on my heart  
Now I can't look at you the same

I said it wouldn't last forever didn't I, didn't I  
Don't want to say I told you so but didn't I  
I gave you all my heart and soul and didn't I cry  
But somewhere deep in your heart, deep down inside  
I got to you  
Oh baby didn't I
