

## Footsteps

Lisa Stansfield

Don't give up, you're not alone  
Though you're weak and chilled to the bone  
I will share the pain that you're goin' through  
If there's one set of footsteps I'll be carrying you

If there's one, one set of footsteps in the sand  
One set of footsteps  
If there's one, one set of footsteps in the sand  
One set of footsteps

If you're losin' faith, I'll understand  
Don't be afraid I'm holding your hand  
If you trust in me then I will be true  
If there's one set of footsteps, I'll be carrying you

If there's one, one set of footsteps in the sand  
One set of footsteps  
If there's one, one set of footsteps in the sand  
One set of footsteps

Then I'm gonna walk on, walk on  
I'm gonna walk on, till the hurt is gone  
Walk on, walk on  
I'm gonna keep goin', gonna carry on  
Walk on, walk on  
I'm gonna walk on, I'm gonna walk on  
I walk on, now walk on

Don't give up, you're not alone  
Gotta try to be strong, you've got to move on  
Just hold on tight and you make it through  
If there's one set of footsteps, I'll be carrying you

If there's one, one set of footsteps in the sand  
One set of footsteps  
If there's one, one set of footsteps in the sand  
One set of footsteps

I walk on, I walk on  
I walk on, I walk on  
Till the hurt is gone  
I'll be carrying you  
I'm gonna walk on, oh gonna walk on  
I'm gonna walk on till it's gone
