## **My Apple Heart**

## Lisa Stansfield

Listen baby, let's talk I can't take this pressure I need to love you But I need to breathe too Honey, don't mouth off at me now But I've got to tell you a thing or two Honey, hear me out and sit down 'Cause for some time its been on my mind Never had a love so strong Never had a love so right, a love this tight Never had a love so fine Baby, it's so divine but you want too much time You can't go on Eating away at my apple heart You can't go on Worming your way through my apple heart I just need a little more time And you won't lose me, I'll love you more for it There's nothing more exciting than being in your arms But baby listen to me sometimes you've got to let go Never had a love so strong Never had a love so right, a love this tight Never had a love so fine Baby, it's so divine but you want too much time You can't go on Eating away at my apple heart You can't go on Worming your way through my apple heart You can't go on Eating away at my apple heart You can't go on Worming your way through my apple heart A little more space And a little more time And well be alright Never had a love so strong Never had a love so right, a love this tight Never had a love so fine Baby, it's so divine but you want too much time You can't go on Eating away at my apple heart You can't go on Worming your way through my apple heart You can't go on

Eating away at my apple heart

You can't go on

Worming your way through my apple heart

You can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heart

You can't go on
Eating away at my apple heart
You can't go on
Worming your way through my apple heart

We need to talk
You need to give me more time
