

# She's Always There

Lisa Stansfield

She feels such pain when you say goodbye  
Nearly goes insane  
When you can't look her in the eye  
And it's plain to see  
That she's being used  
But she's always there and she love you

Rest up here a little while  
And I'll convince you that you need my time  
Don't play games with aching hearts  
Shhh not another word  
Let me talk  
I've been close I've been watching you  
Watching every little thing you do  
Don't you realize you're breaking hearts  
Shhh not another word

She feels such pain when you say goodbye  
Nearly goes insane  
When you can't look her in the eye  
And it's plain to see  
That she's being used  
But she's always there and she loves you  
And she cries  
Na na na na na na na na na na na na

How can you go through life this way  
Causing hurt causing pain  
Think of your baby and not about yourself  
Shhh not another word now

She feels such pain when you say goodbye  
Nearly goes insane  
When you can't look her in the eye  
And it's plain to see  
That she's being used  
But she's always there and she loves you  
And she cries  
Na na na na na na na na na na na na

Na na na na na na na na na na na na

Don't play games with aching hearts  
Shhh not another word

She feels such pain when you say goodbye  
Nearly goes insane  
When you can't look her in the eye  
And it's plain to see  
That she's being used  
But she's always there and she loves you  
And she cries  
Na na na na na na na na na na na na

Na na na na na na na na na na na na
